PERSONAL TOUCH: THE FRESHEST FRAGRANCE FROM BMW.

BMW Natural Air (1) ensures a fresh interior atmosphere – with essential oils. The holder is quick and easy to attach and colour-matched to the interior. The fragrance sticks are fluid-free and interchangeable and there is a choice of six aromas – for example, Sparkling Raindrops and Energizing Tonic – each manually adjustable for intensity.

BMW Ambient Air (2) also offers an exclusive fragrance experience for the vehicle interior. The intensity of the high-quality fragrance (available as an option) is controlled by the iDrive Controller. There are ten multi-faceted fragrances available, divided into five different suites. Each suite has its own scent room and contains a light (No. 1) and a heavier (No. 2) scent. The scents of dew-covered green meadows, noble wood notes with the energy of cool forests or refreshing sea surf as well as nuances of mandarins and grapefruit peels are, for instance, available. The compact, handy shape of the cartridges makes them easy to install and remove in the glove compartment.
